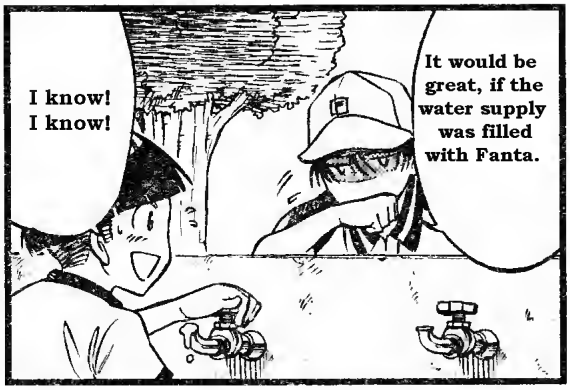
It would be great if it was like that



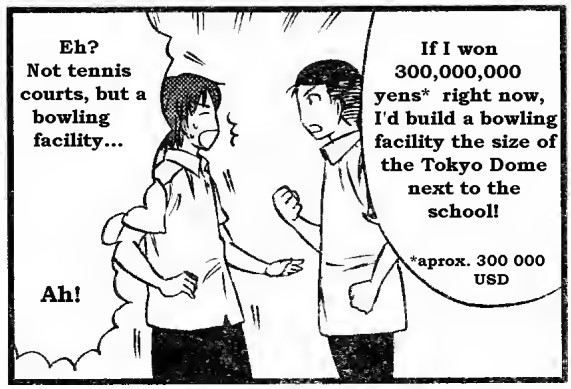
I know! I know!
It would be great, if the water supply was filled with Fanta.

With me it would be great, if the staircases
were all to be turned to escalators!

And if the way all the way home
was to be a belt conveyer, it would be so good!

Why did you join a sports club?

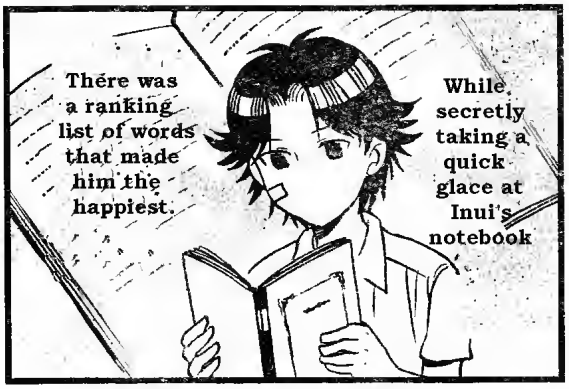
300,000,000 yens

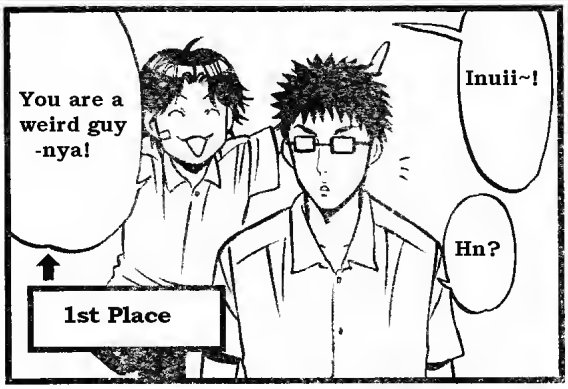


Eh? Not tennis courts, but a bowling facility...
If I won 300,000,000 yens* right now, I'd build a bowling facility the size of the Tokyo Dome next to the school!
*aprox. 300 000 USD
Ah!

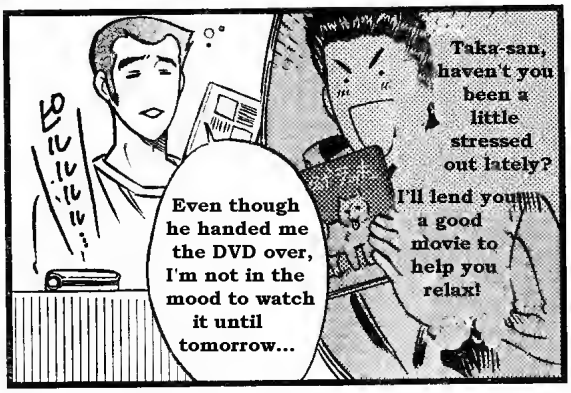
With the left money I would develop "Oishi wigs" for every occasion and make a marketing program!
That was SO unproductive!
Nice unproductiveness!

Affection



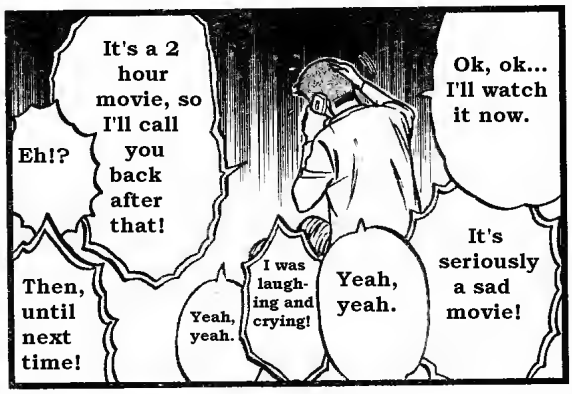


Stress relieving



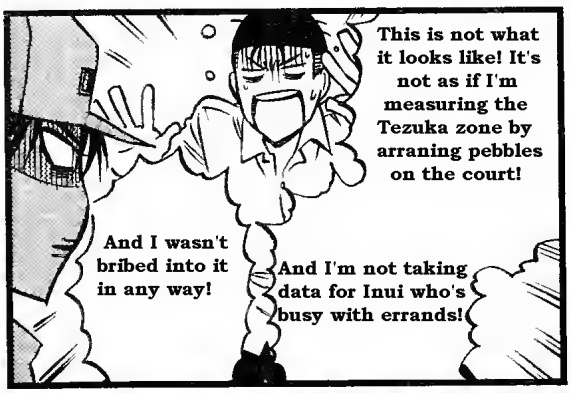
Taka-san, haven't you been a little stressed out lately?
I'll lend you a good movie to help you relax!
Even though he handed me the DVD over, I'm not in the mood to watch it until tomorrow...

Hello
Ah! Taka-san? This is Momoshiro! Did you see the film? How was it?
Ah... sorry, I haven't ...
Eeeh!? You haven't seen it yet? That's not right!
It made me both laugh and cry.
Both!



Ok, ok... I'll watch it now.
It's seriously a sad movie!
Yeah, yeah.
I was laugh-ing and crying!
Yeah, yeah.
It's a 2 hour movie, so I'll call you back after that!
Eh!?
Then, until next time!

After everyone has left



This is not what it looks like! It's not as if I'm measuring the Tezuka zone by arraning pebbles on the court!
And I'm not taking data for Inui who's busy with errands!
And I wasn't bribed into it in any way!

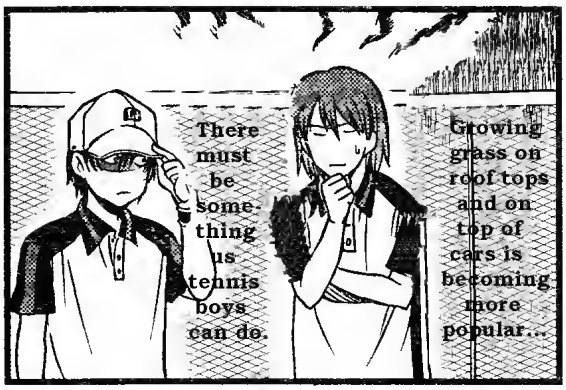
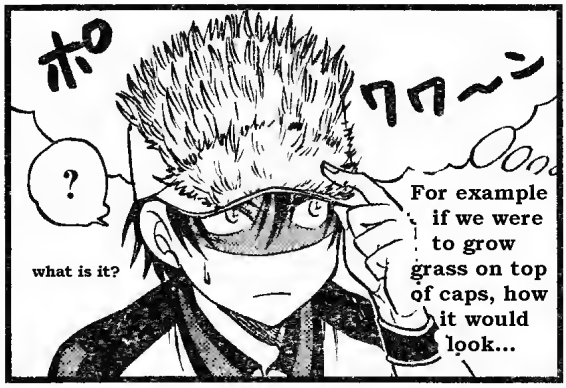
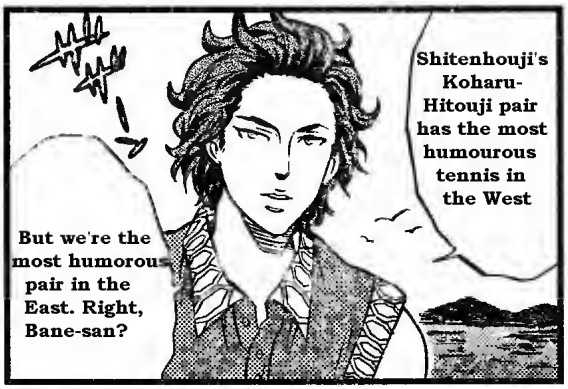
Men going green



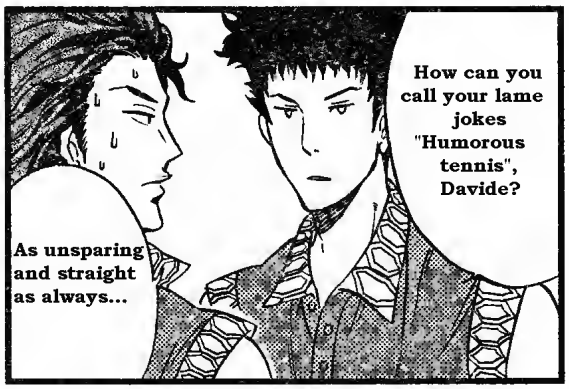


F-Fuji-senpai ?
Who was it that planted in my grass?
This is super grass!
Yes! It's really a good idea!
This is refreshing.
The time of change has arrived for the caps...

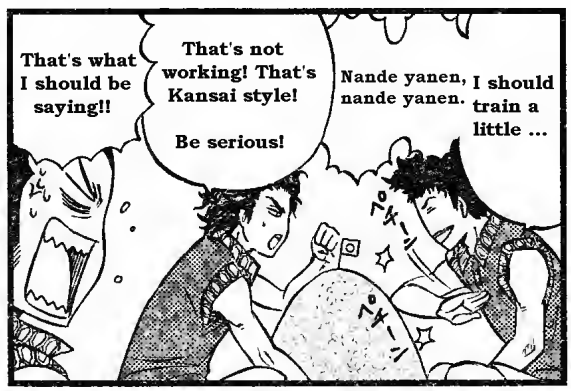
The carefree two



Shitenhouji's Koharu-Hitouji pair has the most humourous tennis in the West
But we're the most humorous pair in the East. Right, Bane-san?

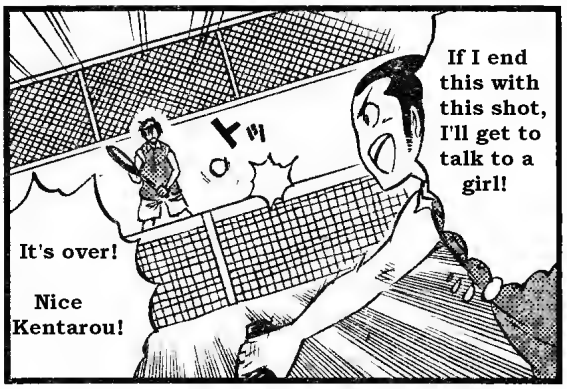


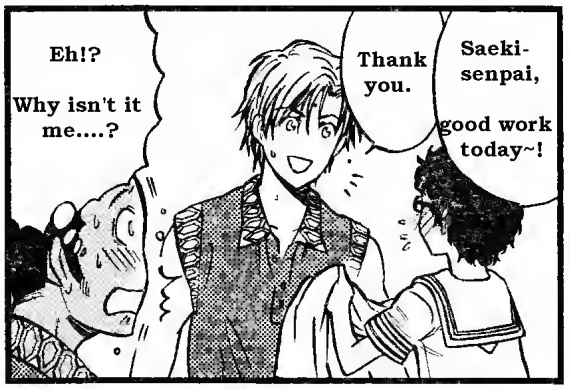
I think I'll include jokes to our free training menu from now on.
Well, free training is done by yourself, so isn't it ok to go with anything?

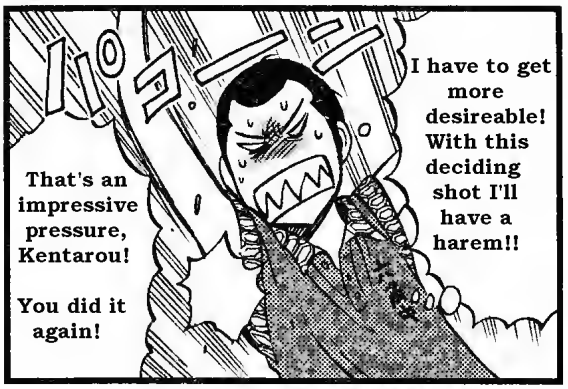


That's what I should be saying!!
That's not working! That's Kansai style!
Be serious!
Nande yanen, nande yanen.
I should train a little ...

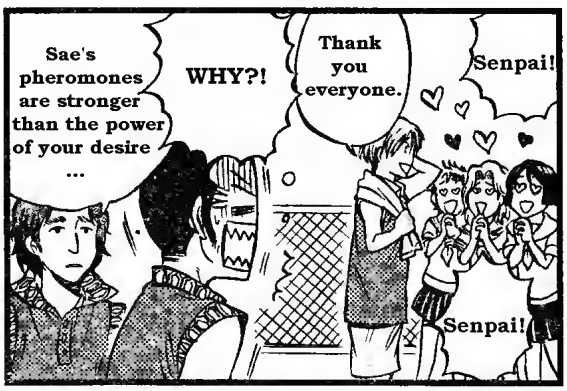
Difference in power



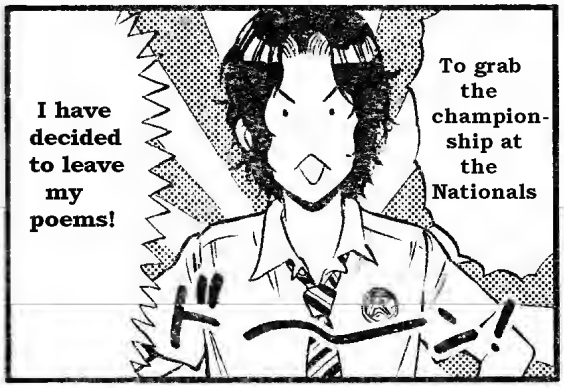


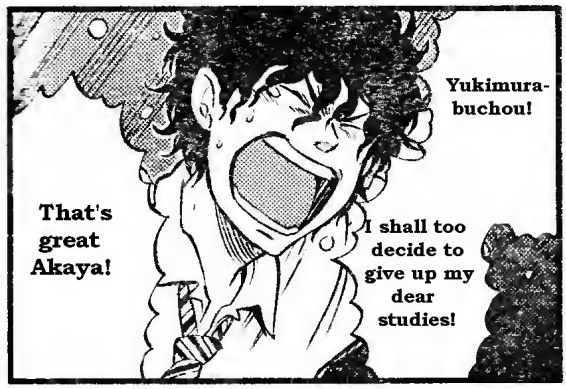


I have to get more desireable! With this deciding shot I'll have a harem!!
That's an impressive pressure, Kentarou!
You did it again!

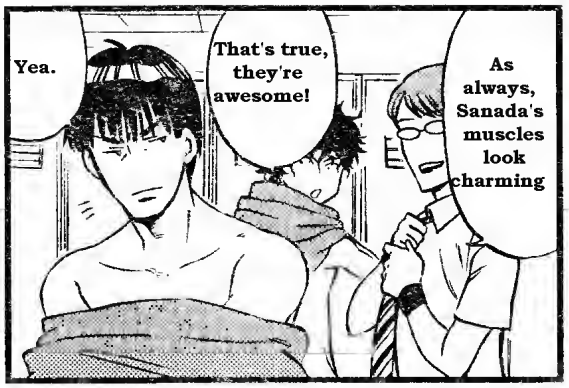


For the sake of invincibility

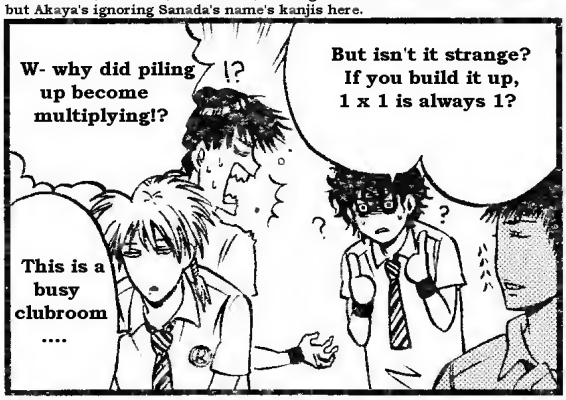




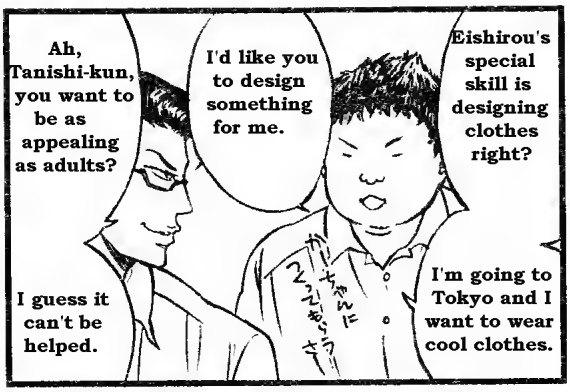
In detail



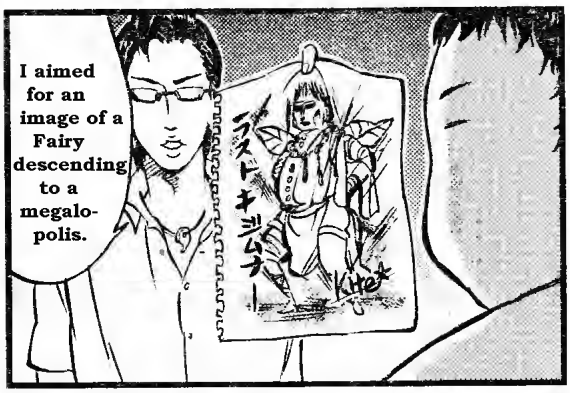
* Gen=strict, ichi=one, rou=labour, making Genichirou="One strict labour" but Akaya's ignoring Sanada's name's kanjis here.

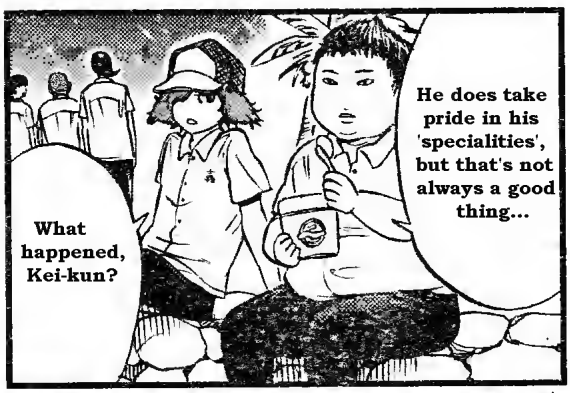


A trip to Tokyo

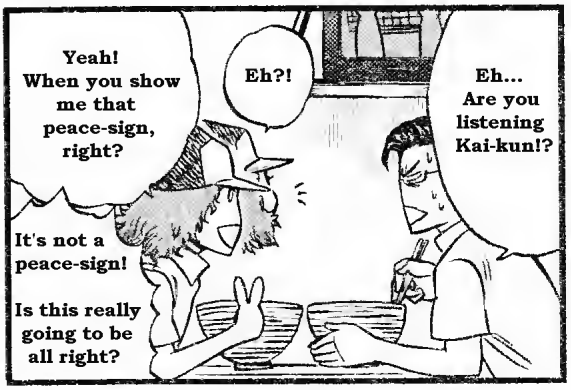


Ah, Tanishi-kun, you want to be as appealing as adults?
I'd like you to design something for me.
Eishirou's special skill is designing clothes right?
I guess it can't be helped.
I'm going to Tokyo and I want to wear cool clothes.





A Sign



Yeah! When you show me that peace-sign, right?
Eh?!
Eh... Are you listening Kai-kun!?
It's not a peace-sign!
Is this really going to be all right?
